Summary of
Qualifications

- I have 5 years of experience in print and web-based design and have worked with several coders and 5 different printing houses.
- I am experienced with working one on one with clients ranging from small privately owned businesses to larger companies/chains.
- I am skilled in on-site photography as well as having an in-home studio for classic portraiture.

Proficiencies

- I grew up taking apart my PC and putting it back together and eventually moved into working with Macs in college, which continued into my work with PRH for 5 years. I still work with both operating systems and am fluent in both.
- As a photographer I lean towards using digital SLR cameras, for they tend to allow for quicker results for the customer.
- As for Software, I am proficient in Most all versions of Adobe Print Software as well as other standard layout software that my field requires including:

- Adobe Photoshop
- Adobe Illustrator
- Adobe InDesign
- Adobe Acrobat
- Adobe Lightroom
- Corel Painter

- Dreamweaver
- Quark
- Microsoft Word
- Windows OS
- Macintosh OS
- HTML/CSS

Awards
& Experience

- I have been involved in creating 3 magazines.
- I have worked with coders to produce working e-commerce sites.
- Many of my photos have been featured in magazines/websites other than the ones I have produced.
